

EVERYTHING LOOKS FINE...

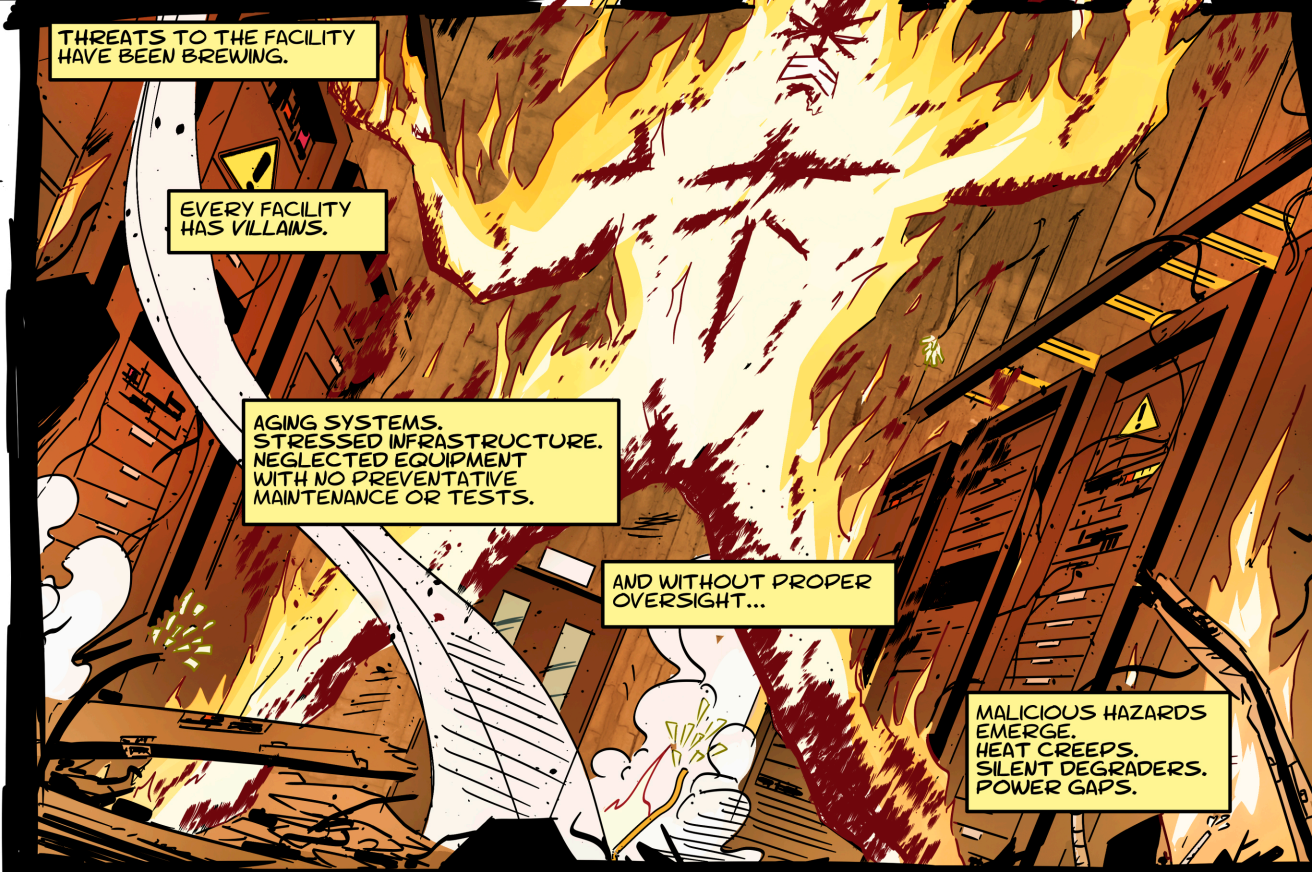

BY DVL GROUP

...UNTIL IT ISN'T.

OPERATIONS ARE GREEN. EVERYTHING APPEARS TO BE FINE.

BUT BENEATH THE SURFACE...

THREATS TO THE FACILITY HAVE BEEN BREWING.

EVERY FACILITY HAS VILLAINS.

AGING SYSTEMS. STRESSED INFRASTRUCTURE. NEGLECTED EQUIPMENT WITH NO PREVENTATIVE MAINTENANCE OR TESTS.

AND WITHOUT PROPER OVERSIGHT...

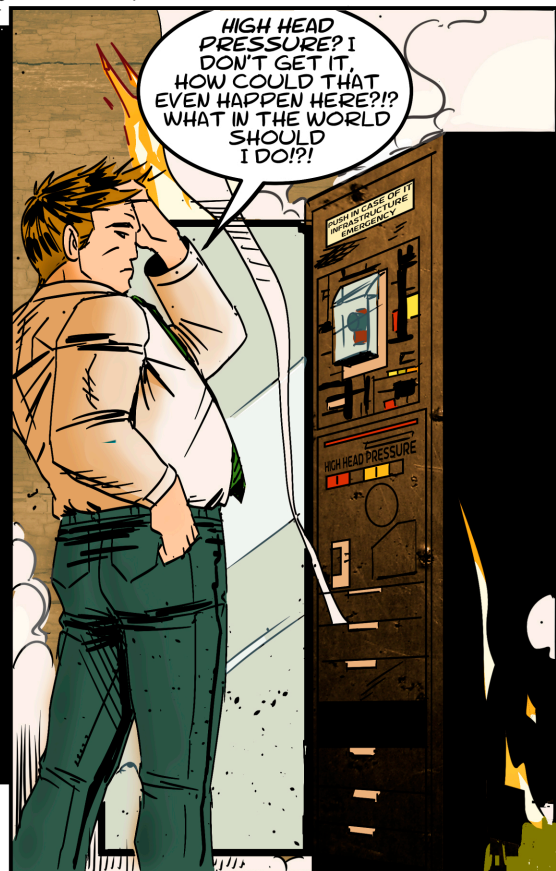

MALICIOUS HAZARDS EMERGE. HEAT CREEPS. SILENT DEGRADERS. POWER GAPS.

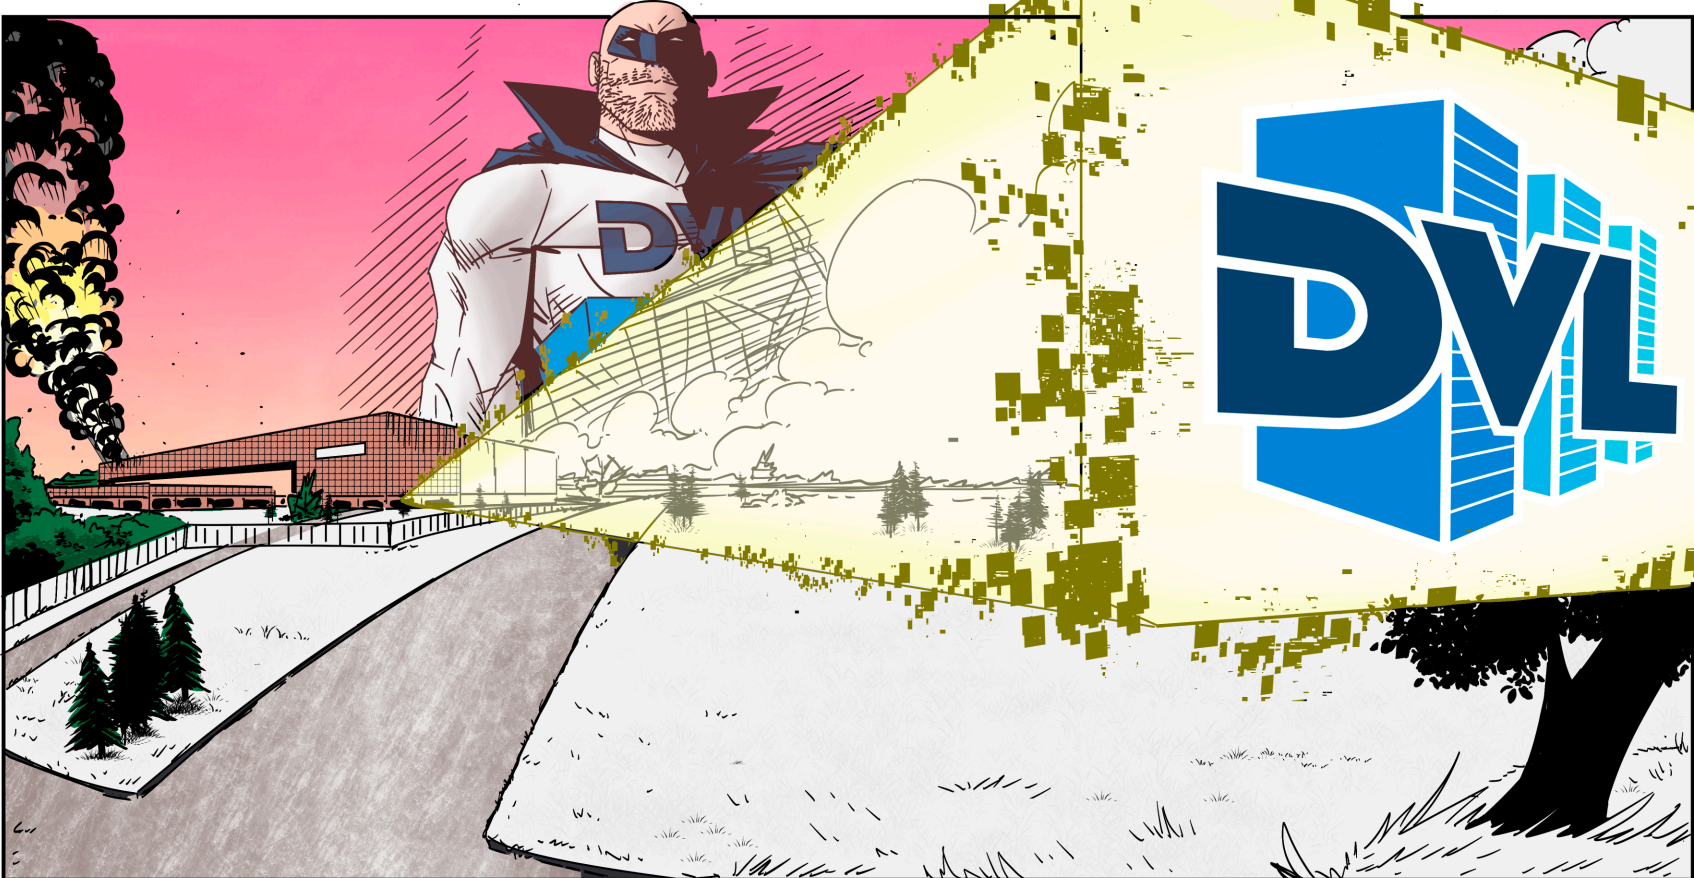

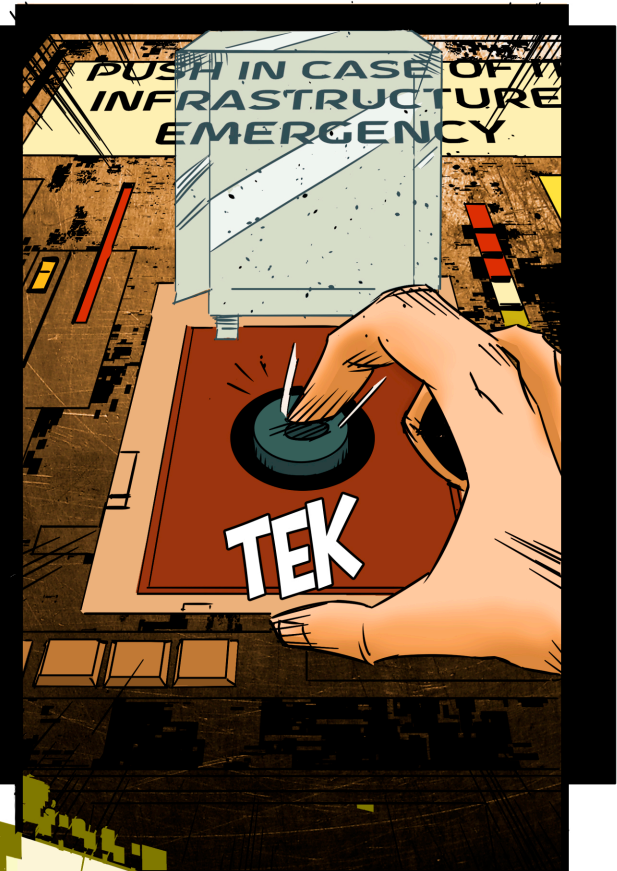

TAKE THE PROMOTION TO OPERATIONS MANAGER THEY SAID. FACILITY RUNS ITSELF THEY SAID! NOT EVEN A MONTH IN AND NOW THIS?!?

%@£#!!

I NEED TO GET TO THE DATA HALL!!

HIGH HEAD PRESSURE? I DON'T GET IT. HOW COULD THAT EVEN HAPPEN HERE?!? WHAT IN THE WORLD SHOULD I DO!?

DVL
