FOR IMMEDIATE RELEASE

DVL Group Enters Partnership with HIPOWER SYSTEMS Throughout the Rockies

Bristol, PA — July 22, 2026 — DVL Group, a national critical infrastructure implementation company, is pleased to announce that they have entered a partnership with HIPOWER SYSTEMS, which specializes in the engineering and manufacturing of diesel and spark-ignited standby and mobile generator sets. DVL, which has four offices throughout the Rocky Mountain territory, will now be the exclusive HIPOWER dealer in the states of Idaho, Utah, and Wyoming. In addition, they will also have non-exclusive dealing rights in the states of Colorado and New Mexico.

For more than four decades, DVL has built its foundation on combining expertise and experience to power critical environments while offering the best products on the market. This is why DVL is glad to make this significant addition to their existing line of solutions. By offering HIPOWER products DVL will be delivering an efficient, reliable, and highly versatile source of electrical power, engineered to perform in the most demanding environments.

As Gary Hill, DVL's CEO, notes, "the prospect of providing highly engineered and reliable solutions for the widest range of applications is very exciting...as an employee-owned company, we are particularly enthused about the potential of HIPOWER's robust product portfolio aligning seamlessly with our existing sales and service capabilities." Commenting on the impact of this new partnership, he continues, "today represents a significant addition to our critical power solutions and further solidifies our position in the market."
