

**HEAT  
CREEP  
TAKES  
OVER**  
BY  
DVL GROUP

SERENITY DATA CENTERS? WE HAVEN'T HEARD FROM THEM SINCE THEY SHARED WITH US "THEY COULD DO IT ALL THEMSELVES." GOOD THING WE HAVE THE PERFECT HERO FOR THIS CRISIS: **THE COOLING CRUSADER!**

I NEED YOU AT SERENITY DATA CENTERS IMMEDIATELY! THERE'S AN EMERGENCY AND THE FACILITY IS OVERHEATING FAST!

SERENITY HAVEN'T HEARD FROM THEM SINCE...

IT DOESN'T MATTER! THEY NEED HELP, THEY NEED YOU TO SAVE THE DAY... AND THEIR BUSINESS CONTINUITY!

DATA HALL

NO WONDER HEAT CREEPS ARE TAKING OVER! THIS ROOM'S HEAD PRESSURE HAS BUILT UP TO A DANGEROUS LEVEL AND THE HEAD SWITCH NEEDS RESETTING!

SOMETHING CAUSED THIS AND WE'LL START WITH THE ROOFTOP EQUIPMENT! FIXING THE ROOT CAUSE IS THE ONLY WAY TO KEEP TEMPERATURES AT OPTIMUM OPERATING LEVELS.

THESE COILS NEED REGULAR ATTENTION AND MAINTENANCE; THIS MUCK BUILDS UP AND GETS TO BE TOO MUCH FOR THE FANS TO TURN, A SIMPLE FIX FOR SOMETHING THAT SHOULD NEVER HAVE HAPPENED!

DVL'S COOLING CRUSADER SAVES THE DAY BY RESTABILIZING AIRFLOW AND PROTECTING THE LOAD.
