THANK YOU, CAPTAIN DVL! HOWEVER, OUR FACILITIES ARE STILL VULNERABLE TO MORE DANGER IN THE FUTURE. I'M NOT SURE WHERE OUR NEXT EMERGENCY COULD BE LURKING.

EMERGENCIES AREN'T THE PROBLEM—YOU MUST BE PROACTIVE TO ADDRESS THE GROWING STRESS WITHIN THE FACILITY. WITH PREVENTATIVE MAINTENANCE WE CAN COMBAT THIS EVIL!

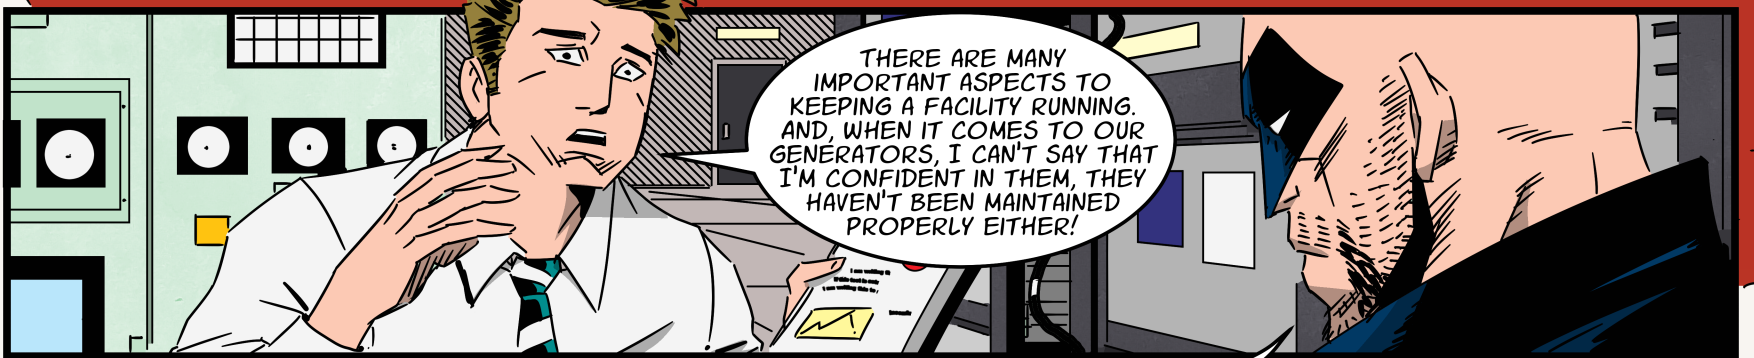

WE BRING MORE THAN COOLING POWERS. WE'RE A TEAM WITH EXPERTISE IN ALL AREAS OF YOUR CRITICAL FACILITIES, AND WE'LL ENSURE YOUR OPERATIONS RUN SMOOTHLY.

POWER CONTROLS,

UPS,

GENERATORS...

THERE ARE MANY IMPORTANT ASPECTS TO KEEPING A FACILITY RUNNING. AND, WHEN IT COMES TO OUR GENERATORS, I CAN'T SAY THAT I'M CONFIDENT IN THEM, THEY HAVEN'T BEEN MAINTAINED PROPERLY EITHER!

DON'T WORRY, I KNOW JUST THE GUY...

GENERATOR
